Compressor Oil

All-Purpose Air Compressor Oil; Latest Ashless, Zinc Free, Anti-Wear Properties

Description

Gard™ Compressor Oils are premium high performance lubricants for all-purpose reciprocating compressors. Specially selected base oils and ashless antiwear additive chemistry ensure maximum performance from air and gas compressor pistons, bearings, and valves.

Gard Compressor Oils are formulated using premium paraffin base oils and additives to provide outstanding protection for demanding systems.

Application

- Meet all domestic and international specifications for air and gas compressor oils.

Benefits

- Paraffinic high VI base oils, improve resistance to oxidation
- Latest ashless, zinc-free antiwear, rust and oxidation inhibitor technology prevents compressor wear and oxidation deposits
- Excellent thermal stability allows the oil to operate at very high system temperatures
- Prevents rust throughout the system
- Prevents corrosion of copper and brass
- Excellent hydrolytic stability provides excellent filterability
- Resists oil foaming; prevents heat buildup in the system
